NEW SCHEME | ACADEMIC YEAR 2026 - 27

Aryabhata Innovation Scholarship

Supporting student innovators in science, engineering and technology

1. About the Scheme

The **Aryabhata Innovation Scholarship** recognises students who combine strong academics with original thinking. It rewards those who build prototypes, publish research, win hackathons or start student ventures, and gives them financial support and mentoring to take their ideas further.

2. Scheme at a Glance

Feature	Details
Scheme code	UNI-AIS-2026
Open to	Second- and third-year B.Tech, B.Sc. (Honours) and M.Sc. students
Number of awards	15 per year (8 Gold, 7 Silver)
Gold award	Rs. 60,000 per year + Rs. 25,000 project grant + industry mentor
Silver award	Rs. 40,000 per year + Rs. 10,000 project grant
Duration	One academic year, renewable once on review
Application fee	Nil

3. Eligibility

- Minimum CGPA of 7.5 at the time of application, with no active backlog.
- At least 75% attendance in the previous two semesters.
- A verifiable innovation record: a project, patent filing, research paper, startup, or award in a recognised competition within the last 24 months.
- No disciplinary penalty above a written warning.
- Not already receiving a full-tuition scholarship of any kind.

4. Selection Criteria

Criterion	Weightage	What is assessed
Innovation and originality	35%	Novelty of the idea, technical depth, problem relevance
Academic record	25%	CGPA, course performance in the discipline
Impact and feasibility	20%	Potential benefit to society or industry; practicality of the plan
Presentation and interview	15%	Clarity of communication, response to panel questions
Leadership and teamwork	5%	Role in teams, clubs, or community projects

5. How to Apply

Step	Action
1	Log in to the scholarship portal and select the Aryabhata Innovation Scholarship.
2	Submit a 2-page innovation summary and a 3-minute video or demo link.
3	Upload the latest mark sheet, proof of the innovation (certificate, paper, patent receipt or startup registration) and a faculty recommendation.
4	Shortlisted candidates present before the Innovation Panel.
5	Results are published on the portal; awardees sign the acceptance form within 7 days.

6. Key Dates

Event	Date (indicative)
Applications open	1 September 2026
Last date to apply	15 October 2026
Shortlist announced	30 October 2026
Presentations and interviews	10 - 14 November 2026
Results declared	25 November 2026

7. Terms and Conditions

- The award is paid in two instalments: 60% after acceptance and 40% after submission of a mid-year progress report.
- Awardees must present their work at the University Innovation Day and acknowledge the scholarship in publications arising from the funded work.
- Renewal requires a CGPA of 7.5 or above and satisfactory progress as judged by the mentor.
- The award will be withdrawn, and amounts recovered, in case of misrepresentation, plagiarism or loss of eligibility.
- Intellectual property created by the student remains with the student, subject to any prior agreement with an external sponsor.
- The decision of the Innovation Panel is final, subject to the grievance procedure in the University Rule Book.
