2.7 Each student shall be issued a unique enrolment number and an identity card, which must be carried on campus and produced on demand. Loss of the card shall be reported within 48 hours.

2.8 The University shall maintain student records in accordance with applicable data protection law and shall use personal data solely for legitimate academic and administrative purposes.

Chapter 3

3. Academic Programmes and Credit Structure

3.1 Programmes are organised on a semester-based credit system. The minimum and maximum durations are as follows:

Programme	Minimum duration	Maximum duration	Minimum credits
Bachelor's (3-year)	6 semesters	10 semesters	120
Bachelor's (4-year, Honours)	8 semesters	12 semesters	160
Master's	4 semesters	8 semesters	80
Doctoral (Ph.D.)	6 semesters	12 semesters	As per ordinance

3.2 A regular student shall register for not fewer than 16 and not more than 26 credits in a semester, unless otherwise permitted by the Dean.

3.3 Courses are classified as core, discipline-specific elective, open elective, skill enhancement, ability enhancement, and project or internship courses. The structure of each programme is as approved by the Academic Council.

3.4 A student may add or drop a course within the first two weeks of the semester with the written approval of the Faculty Advisor, subject to credit limits.

3.5 Withdrawal from a course after the add/drop period shall be recorded as “W” on the transcript and shall carry no grade points, provided it is approved before the end of the tenth week.

3.6 Internships, field work and projects shall be governed by guidelines issued by the respective Faculty and shall be assessed through a documented evaluation process.

Chapter 4

4. Attendance and Leave

4.1 Regular attendance is compulsory. A student must have at least **75 per cent** attendance in each course, computed separately for theory and practical components, to be eligible to appear in the end-semester examination.

4.2 The Dean may condone a shortage of attendance up to a maximum of 10 percentage points (that is, to not below 65 per cent) on documented grounds such as illness, bereavement, or representing the University in sanctioned events. Condonation is not a right and may be granted once per programme level for non-medical reasons.

4.3 Students represented on University-approved academic, sports or cultural activities shall be marked present for the duration of such activity upon certification by the concerned officer.

4.4 Medical leave must be supported by a certificate from a registered medical practitioner, submitted within seven days of resuming classes.

4.5 A student with attendance below the condonable limit shall be detained in that course and shall be required to repeat it when next offered.

4.6 Leave of absence for a period exceeding 15 days requires prior written approval of the Dean. A student may be granted a break of study not exceeding two semesters during the programme, subject to the maximum duration in Chapter 3.

Chapter 5

5. Examinations and Assessment

Scheme of Assessment

5.1 Every course shall be assessed through continuous internal assessment (CIA) and an end-semester examination (ESE) in the proportion approved by the Academic Council. Unless otherwise specified:

End-Semester Examination	60%	Written, practical or viva voce as prescribed

5.2 A student must secure at least 40 per cent in the end-semester examination and at least 40 per cent in aggregate in each course to pass.

5.3 Internal assessment marks shall be displayed to students within ten working days of each assessment, and any discrepancy shall be reported to the course instructor within five working days thereafter.

Conduct of Examinations

5.4 The Controller of Examinations shall publish the examination timetable not less than 21 days before the commencement of the examination.

5.5 Candidates must be present in the examination hall 15 minutes before the scheduled start. No candidate shall be admitted after 30 minutes from commencement or allowed to leave within the first 45 minutes.

Re-evaluation and Supplementary Examinations

5.8 A student may apply for re-totalling or re-evaluation of an answer script within seven days of the declaration of results, on payment of the prescribed fee. The result of re-evaluation shall be final, and the higher of the two marks shall be awarded where the difference exceeds ten per cent of the maximum marks.

5.9 A student who has failed in or was absent from an end-semester examination may appear in the supplementary examination, subject to the maximum duration of the programme.

5.10 Absence from an examination on medical or other compelling grounds may be considered for a special examination by the Controller of Examinations upon a written application supported by evidence within three days of the examination.

8.4 No penalty beyond a written warning shall be imposed without giving the student a fair opportunity to be heard. The student may be accompanied by a faculty member or fellow student of their choice.

8.5 Penalties shall be proportionate to the gravity of the misconduct. The schedule of penalties is at **Annexure II**.

8.6 A student may be placed under interim suspension by the Proctor where the continued presence of the student is likely to endanger safety or disrupt the inquiry. Interim suspension is not a penalty and shall be reviewed within ten days.

10.2 Theses, dissertations and research papers shall be checked using plagiarism-detection software. Similarity beyond the limit prescribed by the Academic Council shall require revision or may result in rejection.

10.3 Cases of academic misconduct shall be examined by the Academic Integrity Committee, which shall hear the student and recommend a penalty, which may range from a reduction of marks in the assessment to cancellation of the examination, failure in the course, or expulsion in grave or repeated cases.
